

# WESTERN CHRISTIAN HIGH SCHOOL ATHLETICS

**"Providing a Christ-Centered Community that Integrates Faith and Quality Education"**

Danny,

I wanted to take the time to thank you for all the work you have done for Western Christian Athletics on such short notice. We are in a unique situation having to move our campus and become operational in a four week period. You were instrumental in our ability to pull it off with a bang. Our campus looks beautiful.

The work you did on the fields at both campus' is much appreciated. Four weeks ago the old football field was going to be abandoned, but once again a change in circumstances on short notice (two weeks), you made it playable and presentable for us. It was impressive how good of a job your men did lining the field. There were many compliments given on Friday night about the presentation.

Sorry for putting your back against the wall over and over again, but we are grateful for your can do attitude and your remarkable ability to follow through. Everything is looking good and we look forward to working with you in the future.

Sincerely,

*Mark Gabbard*

Athletic Director
